

GREENPRINTS

CORRIDORS OF OPPORTUNITY

 CITY of CHARLOTTE

GreenPrints is a groundbreaking initiative aimed at revitalizing under-resourced communities in Charlotte, North Carolina, through green infrastructure solutions. By addressing environmental challenges and promoting sustainability, GreenPrints seeks to create thriving neighborhoods where residents can live, work, and play.

Green Infrastructure Solutions Include:

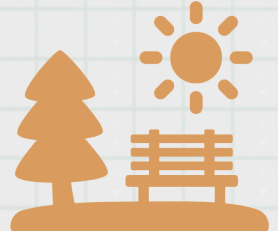

Tree Planting

Green Roofs

Rain Gardens

Community Green Spaces

KEY GOALS OF GREENPRINTS

Improved Air Quality & Community Health: Reduce heat-related illnesses, improve respiratory health, and promote physical and mental well-being.

Mitigate Climate Change: Address the impacts of climate change, such as flooding and extreme heat, by incorporating nature-based solutions.

Promote Environmental Justice: Ensure that historically underinvested communities have equitable access to environmental benefits and resources.

Create Sustainable Neighborhoods: Develop thriving neighborhoods that are resilient, sustainable, and inclusive.
