

"As someone passionate about environmental justice, particularly concerning its intersections with community health, CleanAIRE Academy helped me further my understanding of turning concern and knowledge into meaningful action."

– Naami Abbey, UNC Charlotte Student

THE CLEANAIRE CHALLENGE: INVESTING IN TOMORROW'S VOICES

This Giving Tuesday, your gift helps shape the future of clean air and environmental justice in North Carolina. Every donation supports the next generation of advocates, young leaders gaining the tools, training, and confidence to drive real change through the CleanAIRE Academy.

This year, your impact goes even further. Thanks to a generous matching campaign with Patagonia, every dollar you give will be doubled, sending twice as many students through programs that prepare them to protect the air we all share.

As you make your plan to give this Giving Tuesday, stand with us in investing in the future of CleanAIRE and the young advocates leading the way.

SUGGESTED CAPTION

This #GivingTuesday, invest in the next generation of environmental advocates.

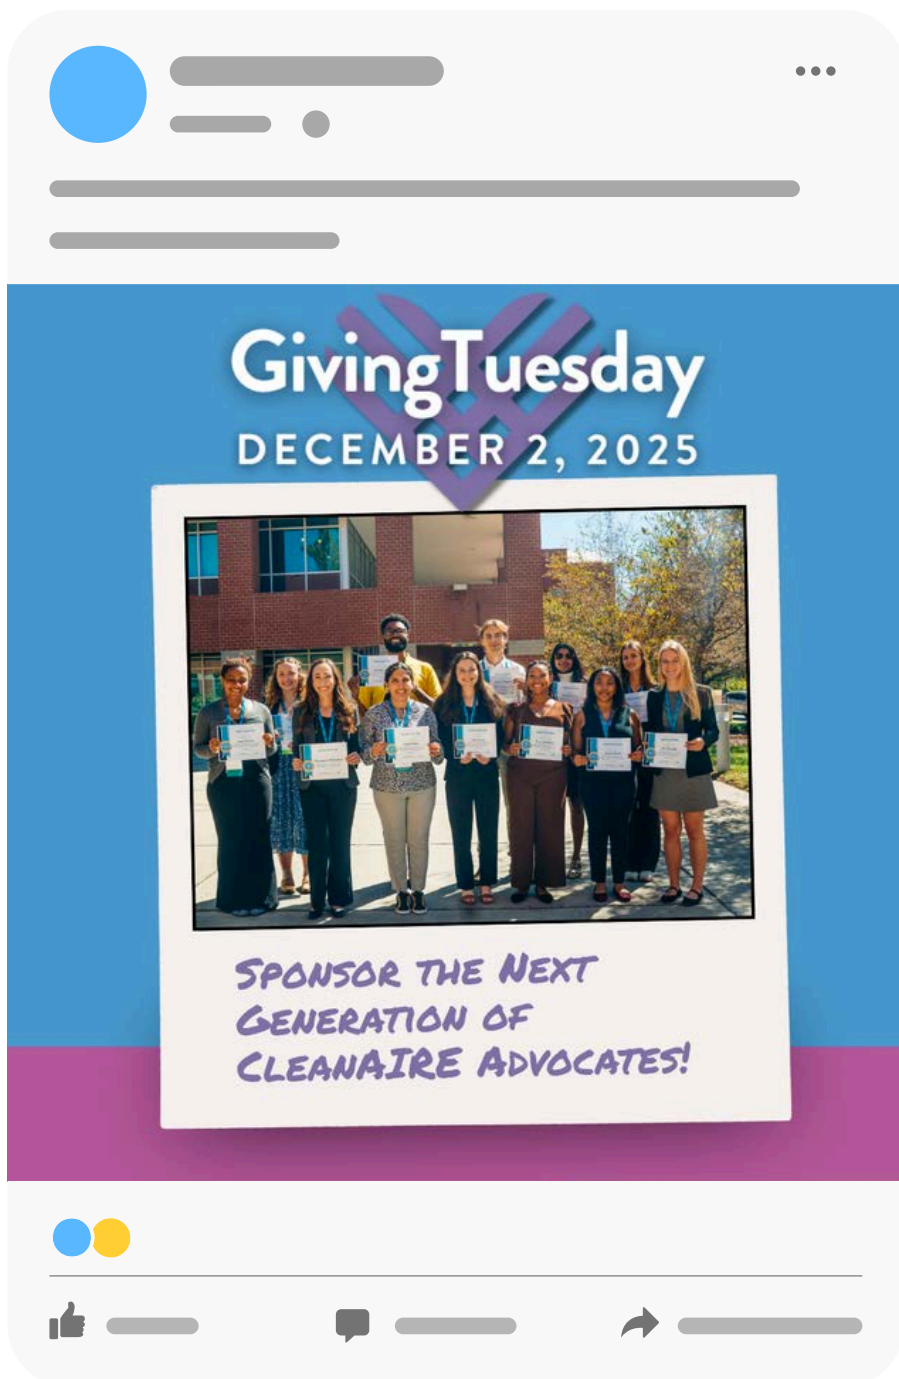

Your gift to CleanAIRE NC helps sponsor students to attend the CleanAIRE Academy, where they gain the tools, training, and confidence to lead change in their communities.

Together, we can equip young voices with the knowledge and support they need to champion clean air and environmental justice for all.

Every dollar given helps shape a brighter, healthier future.

Learn how your donation becomes an investment in tomorrow's leaders!

SUGGESTED CAPTION

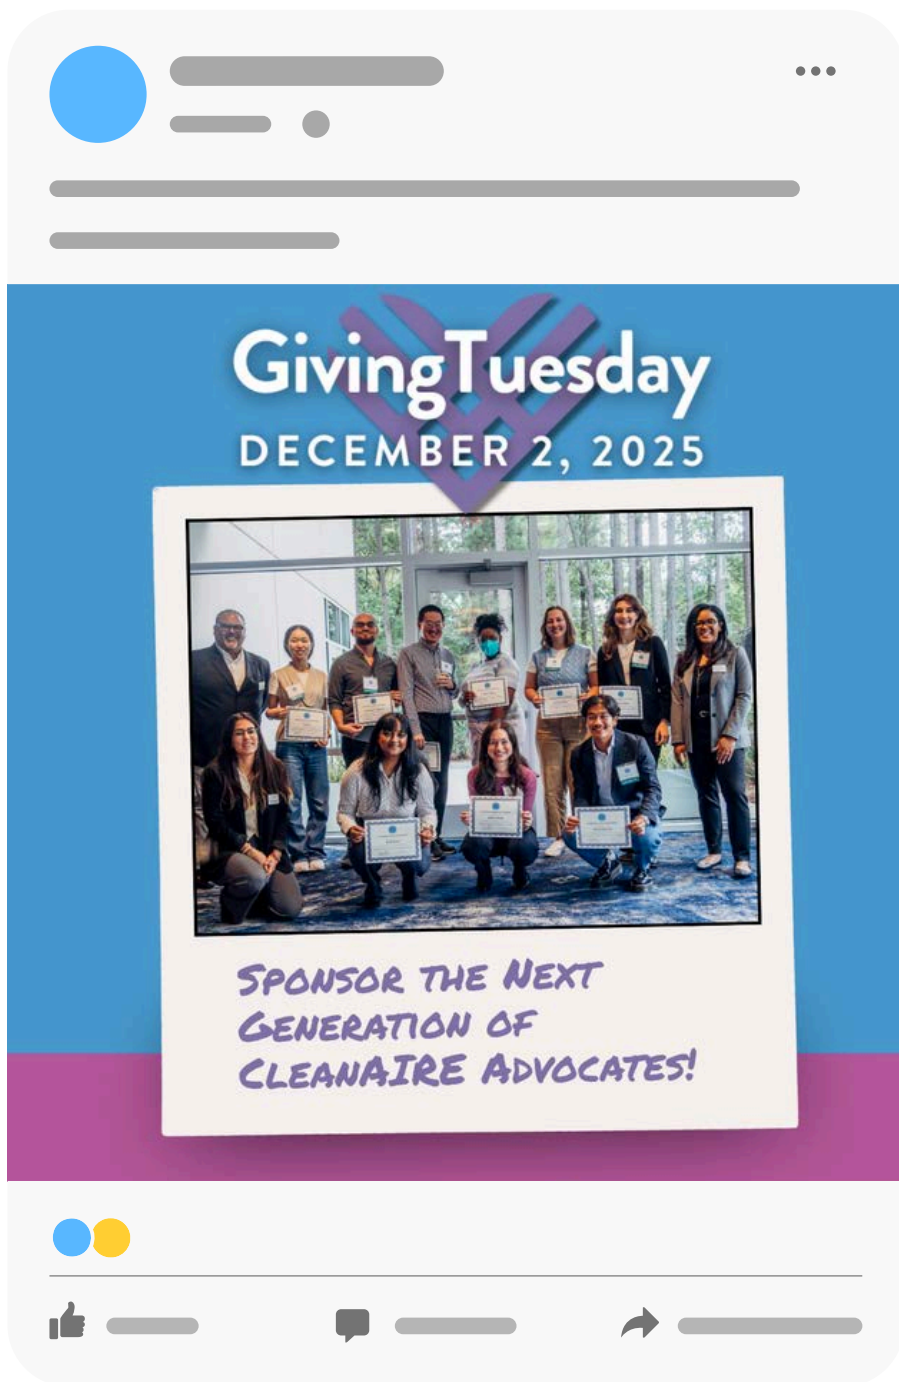

This #GivingTuesday, your generosity can open doors for the next generation of clean air leaders.

When you give to CleanAIRE NC, you help a student attend the CleanAIRE Academy, an experience that equips them with the skills, mentorship, and real-world insight to take action for environmental justice in their communities.

Your support isn't just a gift. It's an investment in education, empowerment, and the future of clean air for all.
